Dear Minister,

I write again on behalf of Graduate Women NSW Inc. GW-NSW, an organization that has worked for over 125 years to empower women through education. We do this chiefly through a range of scholarships across all levels of education, through donations and sponsorships to education bodies both in Australia and overseas, and through advocacy for the advancement of women and girls in education.

Thank you for your reply of 7 March 2022. We have been very pleased to see the shift in TAFE advertising campaigns, and to hear women voicing the ads across the various platforms. We hope to read that the advertising campaigns have led to an increase in enrolment of women and girls.

We also continue to hope that you will maintain the increase in funding for the TAFE sector, and that the changes to curricula and to digitised approaches to learning and to work practices will expand, as these are fundamental for our society's future.

We continue to follow your work in this portfolio with interest.

Hilary Yerbury, Education Convenor on behalf of  
'Tricia Blombery  
President
