Dear Ms Blombery

Thank you for your kind letter of congratulations to the Minister for Women, Senator the Hon Katy Gallagher and for highlighting the work of Graduate Women-NSW to empower women through education.

The Albanese Government is already getting down to work to deliver on a plan for a better future. Critical to this is our work on gender equality, including actions to deliver cheaper childcare, close the gender pay gap and provide national leadership to end family, domestic and sexual violence.

Thank you again for writing to the Minister.

Yours sincerely,
